*Plant a Tree and see it grow,
So You can enjoy the cool breeze flow*

World Environmental Day – Report

‘Go green, breathe clean. Stop polluting the environment.

Save the planet. Think before you trash it.’

Objectives:

To educate people about pressing environmental issues and the importance of sustainable practices. To advocate for the adoption of eco-friendly habits and technologies in daily life and across individuals.

Program:

World Environment Day is celebrated on June 5th every year. The theme of the environment day 2024 is accelerating land restoration. Environment plays an important role in healthy living and the existence of all life on planet earth. The NSS unit of our college does selfless activities for the betterment of people. To celebrate this occasion tree plantation was organized at our campus. Rev. Fr. Dr. Chinnappan, presided over the event and gave a talk about the importance of tree plantations and also about saving trees. Rev. Sr. Sandhanamary, the administrator and Dr. K.A. Antonysamy, the Principal, Bon Secours College of Education also took part in this event and planted saplings such as Pongamiatree, Jambu fruit, Jack fruit, Mango, Aamla, Lemon. Tree plantation is necessary because trees provide oxygen to the environment and make the air quality better. If more trees are planted, then the world's environment will become a safer place to live in. More than 40 saplings were planted by the Staffs and the Pre-service teachers of both 1st and 2nd year.

Prepared by
Dr. V.Vidhya
NSS Coordinator.
